## **DETAILED ACTION**

### ***Drawings***

1. The drawings were received on 29 January 2008. These drawings are acceptable.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 7 is rejected under 35 U.S.C. 102(b) as being anticipated by Wassenhoven et al (5509261).

Wassenhoven teaches an effect yarn formed from an alternating lengthwise series of webs of a predetermined smaller diameter and effects of larger diameters relative to the webs (Column 7, lines 12-35).

### ***Allowable Subject Matter***

4. Claims 1-6 are allowed.

### ***Response to Arguments***

5. Applicant's arguments filed 29 January 2008 have been fully considered but they are not persuasive.

In regards to a piecing region, the very nature of the piecing region is to recreate the original yarn when a break or imperfection occurs, and thus the pieced yarn would be equal to the original effect yarn. As such, Examiner believes the method is allowable, but the resultant product is nothing more than an effect yarn, which already exists in the prior art.

***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
